

PowerWalk Program

Urban Pooch™ is proud to offer, for no additional fee, the opportunity for its canine clients to get a little outside exercise to enrich their time here at our facility.

During the work week, daycare and boarding dogs go out on “PowerWalks” -- brisk 20 minute jaunts around the neighborhood -- during the 9AM -11AM period. Participating dogs find these outings fun and exciting; it helps bond our client dogs to one another and to the Handlers who walk them.

Participants need to have arrived by 9:00AM and need to be wearing a Martingale-style collar (pictured at right). This type of collar provides the Handlers with an ideal combination of safety and control while walking your dogs. Martingale collars are available for purchase at the Urban Pooch Retail Store. Very small dogs (10 lbs or less) may be permitted to wear body harnesses instead if our Handlers determine it would be safer for your dog.

If you do **NOT** want your dog to participate in the day’s Power Walking, just let us know.

Power Walk Requirements For Dogs:

- | Arrive by 9AM
- | Martingale collar
- | Good health
- | Signed Permission
